Subject: Public Records Request

Please send a copy of the signed MOU that the City Commission directed Mr. Bielarski to send at the April 6, 2017, commission meeting.

Thank you in advance for your prompt attention to this request.

Ms. Beaty:

For clarification, do you mean the existing MOU that was signed by Mr. Bielarski and Jim Gordon and presented to the Commission on April 6th?

I am not sure what was confusing about my request. It seems was clear thought I was clear. The Commission vote directed Mr. Bielarsky to send a new MOU. The previously signed MOU was not accepted. The commission approved a sale price of \$675 million and with GRU writing the first version of the contract. It is the new or revised, signed document I request.

Just to be very clear it is the document referred to in Mr. Bielarski's email below.

To: Jim Gordon Cc: Al Morales; Dennis Duffy; Brown, Thomas R; Locke, Justin M

Subject: City Commission approval of MOU

Jim, The Gainesville City Commission just approved the MOU with the following changes: Revise the purchase price to \$ 675 mm Require GRU to be drafter of the agreement **The signed document will be delivered** to you as soon as possible.

Good morning, Ms. Beaty. I was not aware that Mr. Bielarski sent that email so I just wanted to be sure I knew what you were asking for so I could supply the correct document. I am a public servant and I try hard to be as responsive as possible, but there will be an occasional time when I need to ask clarifying questions.

At any rate, the document you requested does not exist. After Mr. Bielarski sent that email, Mr. Gordon responded that he would not accept any new terms, so a new MOU was not signed.

Jo,

For clarification, Mr. Gordon rejected the offer before I could get a new MOU from the City Attorney's office. As such there is no point to sending an MOU with conditions that are unacceptable to GREC. I made it clear to Mr. Gordon that I would talk with him, but I would not move off the amount the Commission had approved.
